

## **“Science without borders”**

**Athens Science Festival 2018**  
**Technopolis City of Athens**

**24 - 29 April 2018**

Athens Science Festival (ASF18) returns for the 5th consecutive year with a program beyond... limitations, full of new ideas and creativity. As an educative and cultural landmark that has enthused the audience of Athens and the whole of Greece with Science, Technology and Innovation, this coming April **ASF18** aspires to present the most exciting, attractive and creative scientific advancements free of limitations, prejudice and political conventions to people of all ages.

From the 24<sup>th</sup> to the 29<sup>th</sup> of April, at Technopolis City of Athens, a diverse program with a rich set of exhibitions, presentations, workshops, screenings and discussions - speeches by prominent Greek and foreign scientists, will give visitors the opportunity to engage with and celebrate the liberating power of science. With this year's motto "**Science without Borders**" we will all indulge into how scientific discoveries can go beyond geographic, cognitive and conceptual boundaries and create new perspectives and new ways of exploring the human intellect.

The Athens Science Festival is organized by the educational non-profit organization in Science Communication, **SciCo**, the **British Council**, **Technopolis City of Athens**, the **Onassis Foundation Scholars' Association** and the **General Secretariat for Research and Technology**. It is launched in collaboration with academic, research and educational institutions.

Join us to discover a world free of boundaries, stereotypes and conventions at the Athens Science Festival 2018.

**Soon, with more science news in a festive mood! Stay tuned!**
